

# OSHOGATSU

## FAMILY FESTIVAL

---

### 2022 Year of the Tiger

## Scavenger Hunt

Your name:

2022 is the year of the tiger! People born in the year of the tiger are thought to be self-confident, competitive, and brave! Compete like the tiger to finish this scavenger hunt around your home, neighborhood, and our [website](#)!

Oshogatsu is a time for celebrating with your loved ones in a safe and fun way! Look around your kitchen to find a treat that you would share at your at-home party.

*What does it look like? Describe it in words and/or pictures!*

*What does it taste like?*

*What does it smell like?*

Tigers are carnivores, which means that they love to eat a lot of meat. Think of your favorite kind of meat and draw a picture of it.

Now, if you're someone who doesn't enjoy meat, come up with something that you think the tiger would enjoy! How would you *describe* your choice?

Part of our New Year's wish is that, even though we are far apart, everyone feels connected to the stories we tell at the Japanese American National Museum. We have many of the historic items that we display and take care of documented online, at [www.janm.org/collections](http://www.janm.org/collections).

Go to the website above and find an item, photo, or letter in the online collection that:

you connect to personally OR you want to learn more about

*Name or title of selected item:*

*Describe and/or draw a picture of the selected item:*

*Why did you pick this?*

Please email a picture of your completed scavenger hunt to [publicprograms@janm.org](mailto:publicprograms@janm.org) by January 9, 2022 to be entered in a raffle to win a prize!
